A POLITICAL PREDICTION.—The Milwaukee Sentinel in replying to an article in the Boston Post, copied from the Chicago Times, that Douglas will have from 160 to 112 southern electoral votes, predicts that:

"Though Mr. Douglas may not carry a southern state, he has strength enough to do so, to defeat Mr. Breckinridge in general of them, where the opposition, though not able to cope with the united democracy, can beat them, now that they are hopeless divided. This we think will be the case in Tennessee, Maryland, Louisiana, North Carolina, and very possibly in Georgia and Virginia. Mr. Breckinridge, of course, will carry the favor in those few northern states where the Douglas men have any hopes of success. Indeed, the feud between the rival houses of the democracy promises to become a regular Kilgilly night fight, and in the signal overthrow and destruction of both."

FOR BRECKINRIDGE.—A special Washington dispatch to the Cincinnati Gazette says:

The Richmond Enquirer holds the names of Breckinridge and Lane. This example will be followed by most of the Virginia papers. The nomination of Breckinridge took the Douglas men by surprise, and it is the occasion of bitter imprecations and obstructions. Dickinson, of New York, supports the seceders. In a letter to a friend he declares that he will vote that ticket if he is the only man in New York to do so.

LINCOLN IN INDIANA.—The St. Louis Democrat publishes an extract from a letter written by a well informed and prominent politician, residing in Davis county, Ind., which says: "You ask how Lincoln will run here. I think he will carry everything by storm in this state; at least so far as I can ascertain, he is the man. A great many like Bell and Everett, but they say, as there is no chance for them, they will support Lincoln and Hamlin."

THE MERINO WOOL CROP OF GEORGE W. KENDALL OF THE NEW ORLEANS PIANINO, from his ranch in Texas, amounts to 18,000 pounds, and has been sold entire to a mill in Georgia.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE,
Office in Union Passenger Depot.

PHILADELPHIA, June 28.
For the Douglas ratification meeting in Independence square, Saturday night, Rev. Johnson, John Cochrane, and Maj. Herran of Louisiana, are promised certain, with other eminent speakers. Notwithstanding the brilliancy of the notice an enthusiastic manifestation is anticipated. It is stated on good authority, that the Douglasites will refuse all overtures on the part of the Breckinridges to unite on the electoral ticket, and will demand an expression of preference from the electors appointed by the Reading convention, and amend the list, if necessary.

Boston, June 28.
The ship Kitty Simpson, for Havana with 35 coolies, put into Table Bay, May 30. Five Coolies attempted to take the ship, but were driven below, one being shot and several wounded. The ring leaders subsequently received from 50 to 100 lashes, and were secured in irons.

WASHINGTON, June 29.
Among the acts passed by the late session of Congress, was one to carry into effect certain stipulations in the treaty between the United States and China, Japan, Siam, Turkey, Persia, Tripoli, Tunis, Morocco, and Muscat, by which our laws in criminal and civil matters are extended over American citizens in those countries. Also, the common law of equity and admiralty. Ministers and consuls have full judicial powers, and can punish according to the merits of the offense. The President is authorized to appoint seven marshals to execute processes; one in Japan, four in China, one in Siam, one in Turkey. Murder and insurance or rebellion against the government of either of said countries, with the intent to subvert the same, are made capital offenses, punishable with death. Our consuls and commercial agents on islands not inhabited by any civilized people or whom we have not recognized by treaty, are also empowered to exercise judicial functions over American citizens.

PHILADELPHIA, June 29.
Judge Douglas will arrive here on Saturday night en route to New York, and will probably receive a serenade after the ratification meeting.

PORTSMOUTH, June 29.
There was a grand and imposing affair, the nomination of Breckinridge and Lane last night, at which the enthusiasm was tremendous. A. R. Smith's address elicited great applause. He was followed by several others.

CONCORD, N. H., June 28.
The republican demonstration tonight, ratifying the nomination of Lincoln and Hamlin, was a grand and imposing affair, embracing a torch light procession, illuminations, &c. The mass meeting was held in Seavey's house square, where addresses are being made by Hon. E. H. Rollins, Ex-Gov. Colby and others. Altogether it is one of the most enthusiastic political demonstrations ever held in the state.

PORTLAND, June 28.
The democratic convention passed strong resolutions, endorsing Douglas and non-interference. A grand adjournment, a large Douglas ratification meeting was held and addresses were made.

PORTLAND, June 28.
The democratic state convention met here today, and made the following nominations: For Governor, J. S. Barry of St. Joseph; Lieutenant Governor, W. M. Fenton of Genesee; Treasurer, Eben Farnsworth of Wayne; Auditor General, M. R. Penney of Orleans; Secretary of State, William Francis of Allegan; Attorney General, Chauncey Joslyn of Washtenaw; Land Commissioner, S. L. Smith of Houghton; Superintendent of Public Instruction, F. W. Shearman of Calhoun.

A hundred guns were fired, and a large meeting assembled this evening to ratify the nomination of Douglas and the state ticket.

Mr. Thompson was nominated in the 4th district for congress.

THE MARKET.
New York, June 29.
Flour heavy and low, \$3.05, \$3.35, \$3.50 per western; \$5.05, \$5.70 common to medium extra western. Wheat market easier with a moderate export demand; \$8.00 bushels 1,274, 128 in store for Chicago spring; 1,21 in store Milwaukee Club.

THE BOSTON POST ON DOUGLAS.—The following is the declaration of hostility by the Boston Post (the chiefest of the New England democracy), against Douglas:

Let all who will travel in that (the Douglas) road, it is not the path that we can travel. This spirit of abolitionism we have to be evil to us, to be obedient to the law, but evil, and under other names, way that seems not now laid out, it must result in the gravest of all political evils. But, setting aside consequences, this forced nomination is contrary to that spirit of amity and fraternity, among equals, that has prevailed in the great party that has so long governed the country, and which is akin to the spirit that made our Union and secured our constitution. In all our party exultations there has been no such dragging as was seen in fixing up a bogus list to make up 202 delegates; and we believe a nomination thus made, in Mr. Hallett's words, is ruin to the man and ruin to the party.

Under such circumstances, when the convention worked itself into an irregular body, and when the only choice is between partial representations of the glorious national party, we prefer the nominees of delegates who will not pass the Candide Fork, to those who choose principle rather than dishonor. While we have nothing to say in condemnation of Senators Douglas and Fitzpatrick, as individual members of the democratic party, we express admiration of Senators Breckinridge and Lane. They are names that are fit to summon the democratic rank and file throughout the country, like the sound of a trumpet.

A COURT SEEN.—SPOPOSED THE CHARLES V. CORNET.—Capt. Watson, of the Charleston steamer Potomac, on Friday night, when about twenty miles north of Cape Henlopen, saw a large comet about twelve degrees above the horizon. It was very distinct, and is supposed to be the expected Charles V. comet.

Mr. Bond, of the Cambridge Observatory, has also given notice of a new comet in the northwestern quarter of the heavens, which may be the same one seen by Captain Watson. A few days will decide whether it is, as supposed, the celebrated comet of Charles the Fifth.

RAILROAD EARNINGS.—The earnings of the Galena and Chicago Union Railroad for the week ending June 22d, were \$20,688.73; same time last year, \$22,437.61.

ALL SORTS OF PARAGRAPHS.

The old German newspaper, the Volksbode, of Evansville, Indiana, which has been democratic in politics from its first issue, has hoisted the names of Lincoln and Hamlin, and is doing battle valiantly for the republican cause.

The Albany Evening Journal has published Carl Schurz's recent speech at Milwaukee, in pamphlet form, as a campaign document.

The Cedar Valley, Iowa, Times says that Mr. A. S. Belt, one of the most talented and influential democrats in Lynn county, has announced his intention to take the stump for Lincoln and Hamlin.

The Japanese tea is said to be superior to the Chinese, but none is exported. What next in the Japanese line?

The Milleries now say that 1867 will be the end of the world.

The Minnesota & Pacific, and the Trans-It railroads were sold at public auction by the governor on Saturday. They were bid in by the state at \$1,000 each. The validity of the sale will probably be tested before the supreme court.

The statement that Capt. Simpson was on his way to Washington as bearer of dispatches from Brigham Young to the government, which contain propositions to sell the Mormon property to the United States, is not credited. Mr. Hooper, the delegate from Utah, says that Brigham has no right or authority to sell any property other than his own.

A divorce case is on trial at Dubuque—Helen Allen vs. William Allen—on the grounds of habitual drunkenness. The parties are young and from the better class of society—ran away from Boston to be married in 1857. She is a teacher in the public schools of Dubuque. He has done nothing but drink. The defense set up is that he was a drunkard when she married him and she knew it.

An anti-swearing society has been formed at Hopkinton.

The first post office in America was established in New York in 1719.

The San Francisco correspondent of the New York Times writes that the Indians on the eastern frontier of California, about whose atrocities so much has been said lately, are more sinners against than sinning. Their acts of violence are generally in retaliation for the great outrages of the whites.

Very likely.

The New York Liquor Dealers' Association, an organization with \$100,000 capital, designed to prevent the execution of the state temperance laws, has been indicted by the grand jury for a misdemeanor in conspiring to "commit an act injurious to the true administration of the laws."

On Saturday night last, while at a dance in New Moscow, Iowa, two Norwegians got into an altercation; some words passed, when one Holstein drew a dirk and stabbed Olstein in the abdomen and thigh, which caused his death immediately. Holstein is now in custody.

The republican congressional convention of the third district of Illinois met at Bloomington yesterday, and nominated Owen Lovejoy by acclamation for re-election.

Baron Liebig has recently succeeded in forming artificial tartaric acid. It is said to be identical with the tartaric acid of nature, and that he has prepared the tartrates of soda and potash, and even tartar emetic, with it. This is a most important discovery in organic chemistry.

LARGE YIELD.—Mr. Samuel Henry, of Cold Spring, on Thursday last brought into town his wool clip for this year. He brought into market eighty-five pounds of wool from thirteen sheep, eleven of which were ewes and two wethers. He also raised eleven lambs from the same flock. He sold the wool for thirty-five cents per pound, making \$29.75 for the clip from the thirteen sheep, or something over two dollars and twenty cents a head. The flock is a cross of native sheep with Spanish Merino. The entire crop was ninety-five pounds of wool from fifteen sheep, which comprises his flock, but two of them are common sheep and ought not to be counted in.—Without Register.

Mr. John Baker of Strawberry Point, Iowa, was bitten on Thursday last by a miasma. He was weeding in the garden, when he felt something sting his finger, and jerking his hand quickly from among the plants, the snake hung by his fangs to the finger, and was drawn out from among the weeds. Mr. Baker happened to have a half pint of whiskey at hand, which he immediately drank, and procuring another half pint very soon, drank that also; no serious consequences were apprehended.

A NEW SCOT IN MICHIGAN.—The Grand (Mich.) News states there is a denomination in that country who style themselves the "Church of God," but who pass by the appellation of "Wynobanians." They hold regular services. One of their peculiar ordinances consist of washing each other's feet. The elder offers a prayer, then removes his coat, girds on a towel, and proceeds to wash the feet of the member nearest him, wiping his feet with the towel then takes him by the right hand and salutes him with a kiss. The washed then washes the feet of the next brother, and the washing proceeds until they are all washed.

MALE WORK.—In the town of Onondaga, nearly all of the work on a snug farm is done by females, two daughters of the proprietor. Recently they had for a assistant, nearly all the summer season, a female hired man. They "plow and sow and reap and mow" almost equal to men. They wear the Bloomer costume upon all occasions, whether at home or abroad. It is not an unusual sight, in wet weather, to see

The Excursion to Crystal Lake.

Some four hundred of our citizens, at the invitation of a committee of Trinity Church of this city, yesterday united in an excursion of pleasure to Crystal Lake, in McHenry county, Ill., over the Northwestern railway.

The train was under the charge of H. E. Pattison of this city, and consisted of ten passenger, two provision and one baggage car. It left the depot at 8 o'clock A. M., and soon passing out of the city, pursued its arduous course over the wide prairie and through the beautiful oak openings which lie between our valley of Rock River and the charming locality selected for the scene of the festivities.

The attempt has often been made to describe this region of country, both while in a state of nature and since the hand of civilization has dotted it with happy homes and covered it with cultivated fields, but no one has yet succeeded in doing it justice. We shall not, therefore, make the vain endeavor. The whole distance to the lake, was through an old settled country, and the fields of waving grain extending as far as the eye could reach on either hand, giving promise of an immense harvest.

Much of the wheat was headed out, and it was clothed in that dark green color which so much delights the eye of the farmer. It stood upon the ground thick and rank in growth, and with that evenness which gives promise of those grand yields which gladden the hearts of the pioneers of the west in olden times, and which again, apparently, is about to astonish the world with its rich abundance.

The country was in full verdure, the sky was overcast with light fleecy clouds, and a cool breeze stirred the air. The whole day was made up of that summer weather which was neither too warm nor too cool, but which even in Italy itself could not be more delightful. With such weather, and with the happy company on board the cars, the time was indeed short which brought us to the shores of the beautiful lake which was to be the scene of our festivities.

Here we found, upon its pebbly banks a grove, in which the party assembled, carrying with them from the cars, many baskets full of the good things which wives and daughters had prepared in anticipation of this day.

After being assembled in the midst of the grove by the inspiring notes of the "Bower City Band," and called to order by Hon. J. J. R. Pease, C. G. Williams, Esq., was introduced to the audience, and made one of those eloquent speeches for which he is so celebrated. We of course, will not be expected to re-produce in this report what he so well said. It had that charm of freshness, originality and oratorical beauty which always characterizes Mr. W.'s addresses, whether long or short, whether studied or delivered off hand, upon the spur of the occasion.

After the speech had been concluded, the company separated themselves into parties, and under the shade of the trees in view of the lake, spread out their viands and attended to the "keen demands of appetite," which had been induced by the journey from home.

joyment, for which those gentlemen had accepted the thanks of the company. After a day spent in unalloyed enjoyment, the company returned to Janesville, without the slightest accident having occurred, much pleased with the trip, and arriving safely at their homes between 8 and 9 o'clock P. M. We were quite sorry to learn upon our arrival that about a hundred of our fellow citizens did not join in this excursion in consequence of being too late for the train, although it did not start for half an hour after its departure was advertised to take place.

We cannot close our account of this pleasant and successful excursion without particularly mentioning the care and constant watchfulness of Mr. Pattison, who had charge of the train, and of all the employees of the company on board, to whom too much praise cannot be awarded. The committee who projected and carried out the arrangements also performed their duties well. They have the satisfaction of having contributed much to the enjoyment of their friends by projecting the excursion, and by the reflection that it was in the end a success in every respect.

ARRIVAL OF PINE LOGS.—Three million feet of pine logs belonging to L. Fifield & Brother, arrived in this city to-day from Wolf River. They were selected from an immense lot, and are probably the best quality of logs ever brought to this city. They will be manufactured into lumber at the mill of A. K. Norris, under the personal supervision of the Messrs. Fifield, to stock their lumber yards in this city, where orders for any description of material will be filled.

A VOICE FROM UNION.—While different parts of the country are bragging on their wheat, rye, &c., perhaps a voice from Union might not be out of place. There is in the garden of G. Taggart common dent corn that is upwards of 6 feet from the roots to the point of the leaf. Also, common peas, some stalks of which are 8 feet in height, and the whole patch is more than 5 feet in height. When this is beaten Union will try again.

REPUBLICAN MEETING IN ALBANY.—The Albany (Green county) Times says: The republican club is to have a grand turn out here on Saturday, July 7th, meeting at 2 o'clock, P. M.

James M. Burgess and C. G. Williams are already engaged to address the meeting, and other able speakers are expected. A rich feast may be anticipated, and let all true republicans in Green county, with all the tried sons of Rock come. All are invited to attend.

Republican Club Meeting To-Night.

The adjourned meeting of the republican club will be held to-night, at the court room, at 7 1/2 o'clock. The committee appointed to make arrangements for the Beloit mass meeting will report, and it is expected that the Wide-Awakes will have a torch-light procession.

We hope there will be spirit and enthusiasm enough among the republicans of the city to fill the court room.

To the Janesville City Base Ball Club.—Your challenge to the Bower City Base Ball Club to play a match game on the 4th of July is accepted, and will be played according to arrangements made by the committee from each club.

By ORDER OF THE CLUB.

To-Morrow.—We shall publish to-morrow the full particulars of the Janesville case which has so much interested our citizens to-day. Just now we have no time to prepare the report, and do it justice.

Fourth of July Festival.

There will be a festival held in Mr. Patten's grove, on Bluff street, under the direction of the ladies of Christ Church, on Wednesday, the 4th of July next, afternoon and evening. No pains will be spared to make the occasion a pleasant one. Refreshments will be amply provided, good music will be in attendance, and as the place selected is well shaded and on the high ground, every advantage is offered for celebrating the Fourth in a sociable and agreeable manner. Refreshment tickets 50 cents. All wishing to aid in a good work, and have a pleasant time are invited to be present.

ANNOUNCED.—The U. S. Senate has adjourned its called session sine die.

Life Insurance.

These facilities this safe and cheap protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While daily demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unrepresented," we would cordially invite all our citizens to call at the office, southwest corner of Main and Wisconsin streets, and examine for themselves.

S. S. DADGETT, President.

A. W. KELLOGG, Secretary.
